

Infant scales and length measuring devices

Electronic baby scales

Electronic baby weighing scale

ADE M118000 (III)

The gently contoured baby tray offers generous as well as secure space for small infants and even for seated toddlers.

The fine graduation of 5 g up to 10 kg, together with the auto-hold function and an electronic dampening system guarantees precise and fast weighing results. The clear backlit display ensures easy reading also in dimmed surroundings. Simple to operate by four clearly marked soft touch buttons.

Functions: Automatic zero setting, tare, hold function, low battery indication, auto switch off, backlight display

Power supply:

Mains and alkaline batteries (4 x AA)
