MAG700

The **DARAY**® MAG700 light is a high quality circular magnifying light featuring an LED light source that enhances colour contrasts whilst reducing shadow.

This general-purpose magnifier has steady movement to a reach of 800mm.

With smooth contours and dust cover to protect the lens, the MAG700 LED magnifying light is perfect for a variety of applications.

- LED technology (80 LED lamps)
- Low total cost of ownership
- Robust with long lamp life
- Slim design
- 3, 6 and 12 dioptre options
- 800mm reach
- Fully enclosed spring balanced arm
- Various mounting options available
- Lens cover

ABOUT DARAY

DARAY have been established in the medical, dental and veterinary markets since 1968 building exceptional and durable products. We shall continue to innovate; aiming to excel in our endeavours to deliver reliable solutions.

Environmentally friendly - our green promise

- DARAY's LED technology has an intense clear white light beam equivalent to 20W halogen whilst consuming only 5W.
- 25,000 hours of life from the LED light engine.
- No more bulbs to change - reduces waste by 95% over the light's lifetime.
- No halogen, mercury, cadmium, lead or CFCs. No chemicals harmful to the environment.
- Hard-wearing and fully recyclable when the light comes to the end of its life.
